Important Note: The conclusions of this gemstone report reflect our findings at the time it is issued. A gemstone could be modified and/or enhanced at any time, therefore any alterations applied to gemstone after it has been examined at the Berberyn Gem Laboratory (BGL) will invalidate the report and BGL can reassess at any time if a stone is in line with the Gemstone Report. Only the report with the valid original signature and Hologram sticker affixed on the bottom right corner of the photographic image is a valid document.
See the full terms, conditions, enhancement disclosures and limitations on reverse side.
